VOL. XXXIX — SONOMA, SONOMA COUNTY, CAL., OCTOBER 28, 1916 — NO 11

Santa Rosa Chamber of Commerce Urges General Fund Appropriation in Supervisor Weise's District

Goes on Record as Favoring Sonoma Valley Road Connecting With Highway

The Santa Rosa Chamber of Commerce is heartily in accord with the splendid unit of road work being done by Supervisor Weise and ask the Board to help Sonoma Valley with money from the general fund to complete our Highway connection.

At the direction of the directors of the Santa Rosa Chamber of Commerce Secretary Walter H. Nagle has forwarded a copy of the following resolution to each of the members of the board:

The Honorable Board of Supervisors of Sonoma County:

Whereas, There has been inaugurated a system of building fractional sections of "Western Roadalite" asphaltic cement wearing surface roads in the different supervisorial districts in this county, much of which will ultimately connect with different centers of population and other permanent through highways which will be a great boon to the traveling public and of lasting benefit to our county residents, and

Whereas, The county having already spent the amount of $75,000 for the Black Point Cutoff road, and the State a very large amount in the State highway, to Healdsburg and north, leaving a most important road for the county, the Sonoma road which is a main artery of our county road system, still disconnected, diverting much travel and trade to Napa county that rightfully belongs to this county: therefore be it

Resolved, By the directors of the Santa Rosa Chamber of Commerce that we endorse and heartily commend our Board of Supervisors for their advanced taken in the building of these Western Roadalite asphaltic cement wearing surface roads, and we particularly endorse the efforts of the Supervisors in their endeavors to close the gap between the Black Point Cutoff and the State highway north, and we urgently suggest that the Board appropriate sufficient money from the general fund to complete the Sonoma road section and connect same with the two highways which will make a splendid and convenient route of travel for the residents of Sonoma county and the tourists who wish to visit this county, coming one way and returning another, and saving much business which is otherwise lost to us.

F. A. Brush,
E. P. Doyle,
John Rinner,
Glenn E. Murdock,
Walter H. Nagle.

PIONEER MOTHER IS NO MORE

Mrs. Sarah Norrbom Passes Away and is Laid to Rest on Tuesday.

Another pioneer mother has passed to the valley of shadows and this time the angel of death enfolded Mrs. Sarah Norrbom, who went to her eternal rest on Sunday and leaves to mourn her a large family of children grown to splendid manhood and womonhood and also several grandchildren.

Deceased came to Sonoma when quite young from New York state and here married Peter Norrbom who had crossed the plains with an ox team and braved all the hardships of the frontier. The couple settled on the mountain ranch north of town over forty years ago and lived there many years together. Mr. Norrbom subsequently passed away and his widow was comforted and cared for by the splendid children who up to the last were her greatest comfort.

Mrs. Norrbom had been in frail health for a long time but had been critically ill only a week before her death.

The funeral took place Tuesday at 10 o'clock from the residence of her daughter, Mrs. W. D. Foley.

With the look of infinite calm and perfect peace upon every feature the good mother's mortal remains were borne to St. Francis Church where a solemn requiem mass was celebrated by Rev. T. P. Moran. Interment was in Mountain Cemetery where the grave was covered with many beautiful flowers.

The deceased left the following children; Mrs. L. Smith of Vallejo, Paul, of Los Angeles and Mrs. W. D. Foley, Fred, Peter, Ferdinand, and Henry Norrbom all of Sonoma. Mrs. Norrbom was 70 years old.

FLAMES TAKE AUDITORIUM

AGUA CALIENTE'S DANCE PALACE BURNS DOWN YESTERDAY AFTERNOON

Fire at 1 o'clock yesterday afternoon destroyed the big auditorium at Agua Caliente Springs, the finest dance hall in the valley. All the contents including an orchestration organ, two pianos, moving picture outfit and valuables were consumed by the flames.

The loss to Mr. and Mrs. Richards is many thousand dollars. ...

JACK LONDON IN COURT

In the Superior Court Thursday was staged the commencement of a bitter legal fight over water rights in the "Valley of the Moon," and incidentally the defendant in the suit is Jack London, novelist-farmer.

The complaint in the action asks that London be enjoined from diverting the water from Graham Creek by means of a dam and the pipes that conduct the water to a lake on his place and to the alfalfa field that he irrigates with the same. The plaintiffs are Henry J. Chauvet, J. G. Cromwell, Ida B. Thompson, Mrs. Anna Cromwell, G. W. Thompson, Edward B. Payne, Ninetta Payne, Elizabeth Wiley, A. E. Clark Nina Mauvais Watson, J. Wegener, Hanna Pennington, Blanche Belden, Marguerite Belden and others.

Judge Zook was down and viewed the water situation and when the case is tried Tuesday next, he will understand the matter first hand.

WHITE SHELL CLUB'S EVENING

Brilliant Affair Given by Poultry People was Largely Attended Last Friday Evening.

The reception given by the White Shell club last Friday evening to the signers of the State marketing organization was brilliant affair and the artistic interior of the Womans Clubhouse presented a most gala appearance, beautifully decorated and thronged with the ladies and gentlemen representing the important and growing poultry industry of Sonoma Valley.

The guests were greeted in the entrance hall by a group of the most gracious matrons and young ladies of the organization and ushered into the brilliantly lit auditorium or into the cozy club parlor where a cheery fire blazed its welcome from the hearth.

About nine o'clock dancing to the Pauli orchestra was inaugurated and between dances a clever program was rendered, among the numbers being vocal solos by Carl Baldesberger, accompanied by Miss Dorothy Dobbel, M. H. Rowell, accompanist Mrs. Rowell, greeting by Mrs. Burmeister, duet Mr. and Mrs. Cliff with original words, solo, Miss Irma Cliff, piano solo, Mrs. Steckmeyer, recitation, Mrs. Tom Baines, musical specialties by Hansen and Petersen. Many of the numbers were exceedingly clever.

Dancing and feasting rounded out a most delightful evening and the White Shell club is to be congratulated on its splendid success.

RETURNED FROM TRIP SOUTH

The delegation to the grand session of Eastern Star which convened at Santa Barbara returned Sunday from the motor trip to the southland. Those representing Valley of the Moon Chapter were Mesdames Elsie Gottenberg, Ivy Bordson, Belle Luce and Mamie Clements. They were accompanied by their husbands and took the trip over the Mexican line into Tia Juana.

On the journey Dr. Gottenberg was taken with an acute attack of rheumatism and since his return has been confined to his home with the painful malady.

Brilliant Candidate for Congress Will Attract Large Crowd to Union Hall

Clarence F. Lea, the brilliant young Democratwho is seeking the support of our voters in the Congressional fight in this district will speak to the people of Sonoma Valley Monday night and it is safe to say that he will receive a big ovation Mr. Lea's splendid record as public prosecutor in this county where he has been repeatedly honored with the district attorneyship and his gift as a fine orator will make his meeting a notable one for he has supporters and friends by the legion who will be interested in his point of view on vital campaign issues. Mr. Lea will speak at 8 o'clock and his presence here will do much to bolster up the cause of Democracy. His meetings all through the district have been most flattering and here in Sonoma Valley where he owns property and is interested, his coming is anticipated with much interest.

CHARMED WITH SONOMA VALLEY

Mrs. Wells and daughter of Chicago who were here some time ago visiting Mr. and Mrs. Ed Steiger have again returned, lured back by the charm of Sonoma Valley. Since their last visit here they have been to the San Diego Exposition, toured Southern California and resided for a short time in Berkeley, but they declare Sonoma Valley surpasses them all for climate and real beauty. Mrs. Wells is a sister of Mrs. Steiger and although past seventy is a most interesting and attractive lady.

City Clerk H. W. Gottenberg who has been confined to his home with rheumatism is improving under the skillful nursing of his devoted wife. "Doc" is being visited by his many friends and constant inquiries are made concerning his progress.

The "Kiddios" matinee today at St. Francis Fair is to be a fine feature and this evening's decorations will be Halloween novelties.

Make Merry at St. Francis Church Fair, Which is Brilliant Event. To Conclude This Evening.

Attractive Features Nightly and Rich Prizes Have Made Charity Fete Notable One

Ending tonight (Saturday) in a blaze of glorious achievement, the St. Francis Church Fair will go on record in history as one of the finest ever given here by the parish and the ladies and their splendid assistants are to be congratulated on their successful and laudable efforts.

The Fair was formally opened by Senator Slater Tuesday evening. In most impressive and sentimental language the Senator refered to the rich historic cradle of the parish here in our old mission town of Sonoma and rare pathos told of the hardships of the early padres in seeking to make real the dream of the very success which has attended the growth and success of the Church of their faith on this hallowed ground. He complimented the parishoners on their fine pastor Father Moran and paid high tribute to the ladies' indefatigable efforts in arranging the beautiful booths and carrying on the work of the Fair. In reference to the inability of Clarence Lea to be present Mr. Slater said he knew it was mutually regretted by Mr. Lea and by the many mutual friends in Sonoma Valley. Lea's name was the signal for much applause. After the Senator's fine words of dedication Mrs. Lulu Emparan sang a beautiful ballad.

The real festivities then started and the past four nights have been one round of gaiety and enthusiasm around the artistic booths. The fancy work booths are very attractive, one in autumn tints and the other in pink and blue Parisian effect. The grab bags are attractively set in a rustic redwood pergola booth which has been greatly admired. There are also refreshment stands, fish pond, candy and fortune telling. The wheel of fortune has been the center of interested groups nightly and Messrs Froment, Maffei and Chelini and others proved witty and clever orators.

The program features including candidate Robt. Madison's clever acts were most entertaining, and dancing to the Pauli-Hansen orchestra has been a nightly diversion.

Tonight is the last and best night with a ravioli supper and other extra special features. All the valuable prizes will be drawn and a record crowd is expected.

LETTERS CONSTRUED AS A WILL

Poppe's Clients Will Come Into Suicide Carlson's Property

The three letters, two in English and one in Swedish written by Chas. Carlson of El Verano before he suicided and giving his property to Albert and Sam Johnson were filed as a will by their attorney, Robert A. Poppe and have been admitted to probate as such on opinion of Judge Tho. C. Denny, rendered last Friday.

The letters showed that the deceased was contemplating self destruction and that his intention therefore was to make sure of disposing of his property. In one letter he directs attorney Poppe to see that his desires are carried out and in the other he tells Johnson that he wants him and his brother to get the property. In the epistle in Swedish the suicide spoke of his lost battle with tubercular trouble and admonishes Johnson not to grieve for him.

In passing on the question of construing a letter as a will, the supreme court of this state, in the case of Clarke vs Ransom, 50 Cal. 600, said:- "It is well settled in this country and in England, first, that in determining whether the instrument propounded was intended to be testamentary, reference will be had to the surrounding circumstances, and the language will be construed in the light of these circumstances. Second, that if it shall appear under all the circumstances that the instrument was intended to be testamentary the court will give effectto the intention, if it can be done consistently with the language of the instrument; and in such cases the particular form of the instrument is immaterial."

"That language" says the court "was used 40 years ago but I think that it is good law today. So in construing these letters we must look to all of the surrounding circumstances attending their writing and to the intention of the writer at the time of writing."

The evidence as adduced from the letters showing the intent etc. is then recited in the opinion which concludes as follows.

"He then wrote a third letter, addressed also to Mr. Albert Johnson, and to me this letter is particularly significant as to his intentions. When one is in trouble and nearing death's door, he is very apt to think of his early life and his childhood days and to drop into the speech of his childhood. This letter was in Swedish, the speech of his boyhood, and shows conclusively to me that when he told his friend not to shed any tears for him; that his lungs were gone; that he intended to commit the act that he did commit the next day, when he put those letters in his pocket, each in an unsealed and unstamped envelope addressed to the proper person, it was his intention to commit suicide, and that these letters should be the means of transferring his property to his friends, and that it was to take effect after his death and not during his lifetime. It is my opinion that it was his intention that they should be of testamentary character, and while it may be true that he thought Mr. Poppe should act in the matter as a notary public and that the courts should not have to act at all, still it was his last direction to the world at large, notaries public, courts and what-not, as to his desire concerning what should be done with the little he had in this world."

SONOMA FOLKS WITNESS KEEL LAYING CEREMONY

Mr. and Mrs. A. W. Adler, Mr. and Mrs. Harry Quartaroli, Miss Rocelli and Capt. Heinke witnessed the laying of the keel of the battleship "California" at Mare Island Wednesday. Mrs. P. Yenni, Mrs. Julius Fochetti and Pete Yenni Jr. also participated in the splendid event. The Sonoma folks were later entertained aboard the U. S. S. Nero.

Sonoma Valley's Future and the Coming Election

THE voter realizes that Sonoma Valley is coming into its own with the completion of the high type of road begun in this district by Supervisor Weise who has also interested Supervisor Hutchinson in the plan to carry out the work of connecting up the State Highway below Sonoma with that on the other side of Santa Rosa. The county seat is heartily in accord and will give us cooperation as is evidenced by the Chamber of Commerce resolution published elsewhere in these columns.

By reelecting Supervisor Weise and being united and harmonious we will have a supervisorial constructive period the next four years never before equaled in the history of Sonoma Valley. It means real development and the influx of tourists in numbers far beyond our most sanguine dreams. It means more business for everybody. When a community begins to grow it must progress and keep abreast of the tide of prosperity. It means that the meddler, the trouble maker and the reformer must be kept where they belong, that the community may not be torn asunder by dissension and by the un-American narrow bigotry of the type of moralist who seeks to substitute his line of conduct for yours and as a means to his end throws the mud of calumny on his community, spreading broadcast seeds of wilful and malign falsehood, creating the impression of the neccessity of moral clean-up which of course he and his sacred following are alone able to do. Of such a type is one Wallace whose "cesspool of the West" talk is typical of the class of agitatorshe represents. Just as he would defame the fair name of all California so would the local progenitor of this type besmirch the reputation of our fair valley and make the unwary believe that the reformer not the sworn officers of the law, has work to do here and would foist a supervisor on Sonoma Valley to instigate a regime of gum-shoeing and detective "snooping" to get paid evidence against places which they would not hesitate to close up if in THEIR OPINION THEY WERE NOT RUN RIGHT. The acknowledgement of such high handed procedure over-riding the perogative of our duly qualified officers of the law is prime facie all wrong and will be repudiated at the polls on November 7th.

..As communities grow and the population becomes more cosmopolitan, we get joy riders along with wheel chair invalids in a valley of recreation and health such as this but if the "speed" of the former is greater than the latter we have ample laws to regulate provided speeders interfere with the rights of the rest of us. Los Angeles has been reformed todeath but the stench of the cess-pool is revealed there with considerable regularity and its covered up iniquity cloaked with reform refutes the claim of the professional moralist that reform propaganda causes Satan to turn tail. On the contrary Satan just changes his shape knowing he will be far more attractive after the publicity campaign of the reformer.

..Let us preclude the possibility of such a senseless regime of hypocritical reform in Sonoma Valley by electing a good sensible level-headed man for Supervisor, one who knows the futility of sumptuary laws and one who has consideration for people that have to make their living and is not put in office to do the bidding of wealthy hypocrites or "long hairs" who have nothing better to do for pastime but help stir up community dissension.

Let us make Supervisor Weise's majority so great that the triumph of reason over frenzied emotion will be forced home to the misguided followers of a false doctrine. Let us proclaim Sonoma Valley's desire to build up its citizenship naturally and develop its glorious destiny in the only way that destinies are ever really glorious, i. e. through the ambitions and ideals of free agents, manifesting the divine plan for world betterment.

We maintain that the essence of Mr. Evart's campaign is to get the reform element in power and for this reason we emphasize the futility of reform and the neccessity of being fully awake to the scheme of sly reformers.

If it is a question of being assured good roads, elect Weise and if it is a question of wanting to better conditions generally do not cast a vote for an outsider who cannot have the true interest of the valley at heart but elect our own man, Harry Weise, honest, fair and just, who will insure four constructive years of prosperity.

The Index-Tribune in advocating Harry Weise's election is actuated by no other motive than in wanting to see Sonoma Valley keep its good representation on the Board of Supervisors and take its rightful place as one of the most prosperous and attractive communities in the State of California.

ARREST OF FORMER LOCAL MINISTER

With the arrest Monday of two men and a woman on charges of illegal practice of medicine the State Board of Medical Examiners began a crusade to rid the city of all chiropodists and all drugless practitioners, practicing without a license, according to Louis Ward, attorney for the State board.

Fred Schiller, 43 years old, 562 Hayes street; T. Parker Boyd, 50 years old, 166 Geary street, and Ada Fagan, 30 years old, 25 Third street fell into the dragnet yesterday. The arrests were made under the direction of A. J. McDonnel, special agent for the State Board, by Detective Sergeants Patrick O'Connor and Slade Earl. All are held in the City Jail.

Boyd, according to McDonnel, poses as a clergyman and is alleged to have posed as a divine healer. When his offices at 166 Geary street were searched yesterday test tubes, vibrators and medical instruments were found. (S. F. Chronicle.)

Rev. T. Parker Boyd was former rector of Trinity Chapel here and has a wide circle of friends who were shocked to read the above. It was subsequently stated that Dr. Boyd was released on bonds and assurance given by the Emmanuel Movement progenitors that every effort would be made to vindicate the work which is recognized by the church and is said to in no wise conflict with the work of regular medical practitioners.

Mr. Boyd succeeded in interesting a large number of Sonoma people in the science and after leaving here established offices in the Whitney building on Geary st. San Francisco

V. PROLETTI.

BRIGHT PUPIL OF FLOWERY TAKES PRIZE

Every one who has seen the new Flowery School has been loudly praising the efforts of those responsible for the results attained. Not only the tax-payers who made such a building possible, by gladly paying the additional tax, have approved of the new school, but the tiny tots who are enrolled as pupils are the principal boosters.

A contest was recently held in which all the children of the upper grades took part, and a prize was offered for the best composition submitted, the subject to be entitled "Our New School".

When it came to decide who was entitled to the prize, it was found that they all were so good that it was extremely difficult to select the best one. However after a careful consideration of all subjects mentioned, penmanship, grammar and punctuation it was decided to give the prize to Miss Louise Canobbio, an eighth grade pupil, and as it is very descriptive of the new seat of education, we are pleased to give it to the public.

Our New School

"Our new school is just lovely. We like it very much and are thankful to the tax-payers and Trustees for it. It is more than twice as large as the old one. Each room is twenty-eight by thirty-seven feet. There are also two large ante-rooms with stationary wash basins in each. In front there are three cement steps leading to a beautiful porch and the front doors, over the porch is a large arch, over the arch appears the name of our school and the year it was built, in pretty white block letters, over the center of the arch is a big flag-pole on which our new flag waves all day. The front door has many small panes of glass around it and over the door is a large transom.

Next comes the hall. In the center of the hall against the wall is a beautiful sanitary drinking fountain and over this is a cabinet containing the switches for the electric lights and the electric gong. On each side of the fountain are the doors leading into the school-rooms for the use of visitors, at the ends of the hall are the doors leading to the ante-rooms, here the children can wash their hands before going into the rooms, as sanitary towels are provided as well as liquid soap which is heldin a patented liquid soap holder. From the ante-room there is a door that swings both ways leading into the class-room. On the left side of this room are five very large windows, unlike most country school windows. Over these windows are imported green and white shades. At the end of the room is a lovely and large library also some sectional bookcases, over the bookcases is a first-aid cabinet in case any of the children get hurt our teacher fixes the injury. On the other three sides of the rooms are slate black-board. At the upper right hand corner is an up-to-date stove, which is sanitary and ventilates the class rooms thoroughly by causing a complete circulation of air. A little to the left of the stove a door opens to the back porch.

Our desks are the very latest style and can be raised or lowered according to the heighth of the pupil, the seats are just like chairs and can be adjusted. We have a new clock and a new dictionary on a collapsible stand, we have also a beautiful new Grafonola on a cabinte that holds the records.

The piano was overhauled and tuned and varnished and now it sounds just like a new one and looks better than we have ever seen it.

The fence in front of the school house is a cement wall about two feet high with iron posts imbeded into it and between the posts there are heavy chains. The gate is directly in front of the school.

Miss Viola Studer is the teacher of the lower grades and Mrs. Daisy Johnstone is the teacher of the upper grades, and we know that there are no better teachers in California than ours.

LOUISE CANOBBIO.

JACK LONDON'S PRIZE WINNER DIES

Neuadd Hillside, imported stallion, king pin sire of Jack London's famous breeding stable and twice champion of California, died early Sunday at London's stock farm near Glen Ellen. Neuadd Hillside was foaled in England in 1908 and was brought to this country four years later, when he was purchased by Jack London for $2500. The noted stallion won the California State championship first in 1912, shortly after becoming London's property, and captured the coveted blue ribbon this year at Sacramento.

London says that he has two promising yearling colts sired by Neuadd Hillside, which he thought would be worthy succesors to their famous sire. Neuadd Hillside was sick only a few hours and a post-mortem sxamination showed that the larger intestine was so effected that veterinary skill was unable to save the valuable sire from death.

NEWSY DIARY OF BOY FARMER

Ernest Revie Writes of Agricultural Club Trip

Billings, Montana.
Oct. 21, 1916

Dear Editor, Index-Tribune:

As winning member of this years agricultural club contest; I wish to thank all the kindfriends of the Boys Agricultural club of Sonoma Valley Union High School, who by their contributions have made it possible for me to receive this reward, the Transcontenental trip which Iam now enjoying.

Oct. 12, we left for Davis and stayed there until Saturday morning, then went to Berkeley where we stayed until we started on our long trip. We had a fine time at Berkeley going through the university campus under Captains representing the University Agricultural club.

October 15, we started on our cross-contenental tour. Oct. 16 we had a daylight ride past Mt. Shasta and Mt. Lassen, we stopped at Shasta Springs for a short time and saw many beautiful water falls, some were about 20 feet away from the car. When we were going up the mountains we could see the track that we came up, below us. Some times the train would be taking three turns at the same time.

Oct. 17 we arrived at Salem Ore. and there we had an automobile ride through the agricultural district and flax fields. We left Salem for Portland, and went through the Willamette Valley where we saw a great deal of good agricultural land.

When we arrived at Portland we were taken to the Union Stock yards and saw them unload stock off the cars and drive them into the corrals. Then we had a dinner given by the Portland Union Stock yards, after which we went for an auto ride over the famous Columbia Highway, We saw the most beautiful sights that any one would imagine. Oct. 18 we arrived at Tacomawhere we visited the cannery and western Washington experimental station. We went from Tacoma to Seattle by boat, on arriving in Seattle we went to the University of Washington, where we were shown about. We then went for an auto ride about the town.

Oct. 19 we arrived at Spokane and were shown the sights of the city and surrounding country on an auto trip. On the 20th we arrived at Missoula Montana and were taken on a tour of the city and surrounding country the principal crops are potatoes, fruit and grain. We arrived at Butte and went through the top works of a mine and smelter. We went through the engine room and saw a 30,000 horse power steam engine that compresses the air for use in the lower mines. In one copper mine there are 2,500 miles of shafts.

We are on our way to Denver and will arrive there Sunday.

Yours truly
Ernest Revie.

CARD OF THANKS

In appreciation of the many kindnesses of our friends and neighbors at the death of our beloved mother, Mrs. Sarah Norrbom, we hereby extend our heart felt thanks. We will be forever grateful for the comfort, sympathy and help given us and also for the many beautiful flowers.

Sonoma, Cal., Oct. 25, 1916.

The Norrbom Family.

Fred Hovey, the genial mixologist is now employed at the Palm.

V. Bulotti and Fred Batto, two of our Valley's influential men were in San Francisco on business Tuesday.

Wm. Economus, proprietor of the Sonoma Restaurant gave a banquet to a number of good fellows Tuesday night and all pronounced Wm. "some" chef.

The ten year old son of Ed Burris has been dangerously ill at the family home the past week. Dr. Hays is in attendance.

Tom Caulfield and Wm. Keegan, two of Petaluma's cleverest entertainers were on the program at the Catholic Fair last night.

Virginia Pommeroy, aesthetic dancer and granddaughter of Mr. and Mrs. W. H. Hanger was on the program at the Kenwood Improvement Club Saturday last. Professor Rowell's rich baritone was also heard in two well chosen numbers.

An intellegent pet dog belonging to M. Topete whose life the canine saved through warning him several times, died this week and is mourned by his master. Mr. and Mrs. Topete have had the dog for 14 years and he went through the 1906 earthquake and fire in San Francisco.

Mrs. R. P. Hill, State lecturer of the Grange could not speak on "The Amendments" before the Womans Club Friday. However there was a delightful meeting of which Mrs. C. T. Ryland was hostess and Father Moran was speaker of the afternoon. The affable and widely traveled pastor spoke on the club's motto "Onward" which was greatly enjoyed by all present. Tea was served after the program and a social hour enjoyed.

A WISE MAN'S PERTINENT QUESTIONS

Editor Index-Tribune;

Here are some questions I want to bring before your many readers who will soon be casting their vote for Supervisor in this district and for Supervisor Harry Weise a handsome majority, I predict.

In the Black Point cut-off matter would we ever have succeeded in getting the support of the Board of Supervisors, who by unanimous vote made the appropriation for the great Highway project possible,if we had not have had a Sonoma Valley man on the Board to champion our cause?

On the contrary the attitude of Petaluma's knocking contingent toward Lyman Green, who was broad minded enough and fearless enough to vote for the Black Point cut-off despite the attempt to pull him down, cost him the nomination that year Supervisor Doss is popular on account of his opposition to Sonoma Valley development and he is the man that Evart counts on pulling in with if he can de elected.

Who are Mr. Evart's backers—for a large part Petaluma men who have worked against the up-building of Sonoma Valley,and they are using the Black Point cut-off argument against Mr. Weise as they did against Lyman Green. Is Mr. Evrat entitled to your consideration in the face of these facts?

Why is it that in counting up the Evart boosters here, they prove to be men who refused to give a cent toward the Black Point cut-off? The men who have proven that they have Sonoma Valley's future at heart are for Weise.

We all know that each district has its road fund and that it has to be spent in the district, but how about when it comes to getting money out of the general fund, as the automobile tax money, for instance? Do you think for a moment that Sonoma Valley would get much of that if we did not have representation on the Board?

The people of the other side of the district are going to have a State Highway and if we do not make the most of making Sonoma Valley the main gateway to Sonoma County it will be because we do not elect a Sonoma Valley man as Supervisor. Nothing else can stop traffic from coming this way into Imperial Sonoma. If we forfeit our Supervisor the tide will be turned in the other direction. Every property owner and business man should remember this, "There is a tide in the affairs of men which, if taken at the flood leads on to fortune."

How about Evart's road building and his pre-election promises of giving jobs to road masters? If he experiments with un-tried men and takes program from reformers, Sonoma would surely suffer then. Mr. Weise has had four years of experience and he is right on the type of good road building as he has demonstrated. We have five times as much travel on our roads as in the days of old and will have much more the next four years, provided you keep the gates of opportunity open by keeping your own Supervisor on the Board to up-hold Sonoma Valley's claim to the recognition she so richly merits.

HE KEPT US OUT OF WHAT WAR?

Disingenuous to Boast That It's Through Any Act of Wilson We Are Out of the European Contest.

RATHER SHOULD BE BLAMED FOR MEXICO BELLIGERENCY

During the Present Administration We Have Seized a Mexican Port and Sent Our Entire Army and Militia to Fight Mexicans While Armed Mexican Forces Have Invaded American Soil and Fought Battles Against Our People.

Sometimes you hear men, sensible men, too, say, "I'm going to vote for Wilson this year because he kept us out of war."

Ask such men a short question. Ask them, "Out of what war?"

Did Mr. Wilson keep us out of the European war? No. He has himself in a formal address to congress spoken of the European war as "a war with which we have nothing to do, a war whose causes do not touch us." How could Mr. Wilson keep us out of a war with which we have nothing to do and whose causes do not touch us?

Did he keep the rest of the western hemisphere out of the European war? No independent nation on this side of the world is involved in it; the only people in it are the colonies of European powers and they had no voice in their fate, for they were automatically at war when their mother governments went to war. Who kept Argentina, Brazil, Chile, Peru, out of the European war? Did Mr. Wilson?

Did Mr. Wilson keep us out of war with Mexico? No. In his term more Americans have been killed by Mexicans and more American property has been destroyed by Mexicans than by Spaniards during the whole Spanish war. In his term we have seized a Mexican port and have sent our entire regular army and militia to fight Mexicans. In his term Mexican armed forces have invaded American soil and fought battles against our people within our boundaries.

President Taft went through two Mexican revolutions during his term, the revolution against Diaz and the revolution against Madero. American lives were safe in Mexico during that time. No Mexican cities were seized by Americans and no armed Mexicans invaded the United States while Mr. Taft was in the White House. Yet Mr. Taft never thought of asking the American people to vote for him because he kept us out of war with Mexico. He put an embargo on arms so

[Portland (Ore.) Telegram.]

The Republican party has selected a standard bearer whose utterances from day to day justify the people who chose him. Not only does he bring before the country the shortcomings of the Administration that owes its existence to a divided Republicanism, but his criticism is everywhere constructive.

He tells what must be done and will be done by the party he represents to prevent wastefulness and extravagance in the governmental expenditures and to put a stop to the vacillating policy that has caused other nations to believe that the United States has no intention of backing up its demands made in the interests of justice and humanity.

Most vulnerable of all points in the Democratic armor is its foreign policy. Primarily this is because of the spoils system by which men trained in the consular and diplomatic service through long years, have been displaced to make room for politicians and friends of politicians, whose sole claim to preferment was their services to the Democratic party.

"If I am elected president of the United States," said Mr. Hughes last night, "I propose that every man I put in charge of an important department shall be a man eminently fit to discharge the duties of that department."

The denuding of the diplomatic service of men of experience in order to supply political jobs, as has been done by Mr. Wilson, or with his consent. Mr. Hughes denounces as "a capital offense—trading in the good name of the United States and damaging its honor." "Nobody," he adds, "has a right to pay political debts with the good name and honor of the United States."

Which is clear proof that Mr. Hughes has not been unmindful of the high principles of government which must be maintained in order that this republic shall maintain its place as a shining example to all nations.

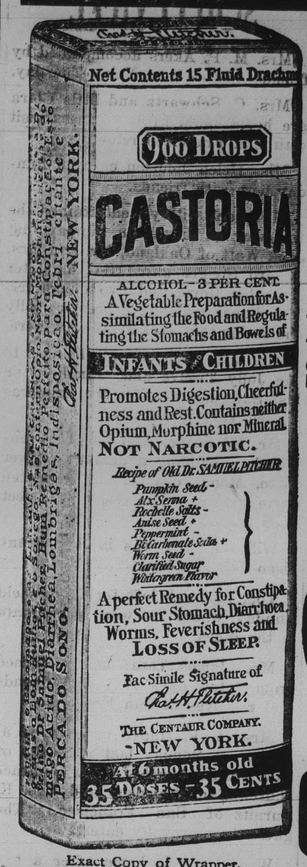

WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it.

Miss Helen Johnson enjoyed Sunday here with friends.

Mrs. Jack Gilfoyle entertained the following at dinner on Sunday last Jack Watt of Oakland, Mr. and Mrs. Erhard Steiger and little daughter Mrs. Joe Revie and two daughters. The dinner must have been a jolly one seeing that Jack Watt was there.

Mrs. Joe Koeboom was hostess to the Jolly Twelve and families on last Saturday evening, the time was passed very pleasantly.

Mr. Ed Stone, who has been engaged in building a dam at Silver Lake, Mono county, is expected home shortly. The snow is 7 feet deep up there.

Will Clements was in San Francisco last Monday.

Tom Millerick left for Bakersfield Sunday where he will participate in the races.

Mrs. James Tate has returned from a few days visit with friends and relatives in San Francisco.

Mrs. A. F. Hopke entertained at dinner on Sunday last in honor of Rev. Father Angeles of St. Boniface church San Francisco and Mrs. K. Burnitz of San Francisco. The guests were royally entertained.

Wm. Curry is home after a two weeks vacation in Southern California.

Mrs. C. F. Jessen entertained Vallejo friends recently.

DEBATING TALENT BEING TRIED OUT

Debating talent at the local High is being tried out for the finals with Napa High School. The Junior class has some very good material while the other classes claim forensic ability that really is merited also.

The Juniors debated among themselves this week. They were divided into three teams. The first debate was on "Intervention in Mexico." Those on the affirmative were Gladys Shields, Don Bluxome and Wallace Rankin; on the negative were Doreles Breitenbach, Rodney Prestwood and Edda Johannsen. The negative side won.

The second debate on "Preparedness", Marie Minkel, Rose Boche and Eve Mannuck on the affirmative; Mildred Ranker, Evelyn Goldsmith and Mildred Russel on the negative. The affirmative won.

The third debate, "Public Utilities" the affirmative side was Ethel Evans, and George Cooper; on the negative , Stewart Potter and Mary Reggucci. The affirmative won.

Out of these class debates, those getting the highest average were chosen on the interclass debate.

Those chosen from the Seniors were Harold Hotz, Russell Prestwood and Joe McMullen, with Alma Cooper as substitute. From the Juniors, Rodney Prestwood, Edda Johannsen and Marie Minkel, with Ethel Evans, substitute.

The interclass debate will be held about three weeks from now in the Grammar School Auditorium. From this debate will be chosen the team for the school, who will debate with Napa.

The subject of the debate is to be "Open or Closed Shop."

REBEKAHAS COMPLIMENT MR. AND MRS. LEISER

The Rebekahas paid a pretty complement to Mr. and Mrs. Geo. Leiser the newlyweds, on Thursday evening. After the regular meeting,t he members and their guests of honor were ushered into the dining room which the committee, Mrs. J. E. Poppe and Mrs. Chas. La Torres had decorated in Halloween jack 'o-lanterns and other fanciful novelties. The company sat down to a splendid banquet which the ladies had prepared and it was most bounteous. In behalf of the Lodge Mrs. Alice Wagnon then presented Mr. andMrs. Leiser with a shower of aluminum ware.

The many friends of Dr. Parramore of Boyes Springs have been much alarmed over the critical illness which has kept Dr. Thomson in constant attendance. Dr. Parramore suffered an acute heart attack and has been very low all week.

GLEN ELLEN

Tony Cereghino is spending ten days vacation with relatives in Petaluma and San Francisco. Tony needs the rest.

Mrs. G. W. O'Donnell and daughter came up from San Francisco Thursday for a few days visit.

A new building is being erected by Mr. Forni on his lot in the O'Donnell tract.

Charlie Poppe is out and around and looks fine.

August Martens was up Wednesday visiting relatives here.

Miss Rhea Edrington has been visiting in Santa Rosa for a few days.

Chas. Lane killed many quail this week and sent them by parcel post to friends and relatives in San Francisco. Editors like quail also Chas.

Glen Ellen is doing very well when it comes to moving picture shows—Tuesday and Thursday nights at Pancrazi's auditorium and Wednesday and Saturday nights at Chauvet Hall and the best of reels at both places.

Dr. Thomson was a well known visitor here on Tuesday.

Mr. and Mrs. Will Ashe have returned from Reno, where they have been for the past two months.

Bill Ping had a fall from his wagon on Tuesday andsuffered quite a serious injury to his arm.

Mrs. Dick Berry and family have been visiting her parents, Mr. and Mrs. Wm. Ping for the past week.

Glen Ellen will be a busy burg the end of the week, many people coming up for the masquerade ball.

Duck hunting on the marshes has been exceptionally good. Pete Boccoli Jr., star base ball pitcher, is also a crack shot and bags the birds every time. There are also other lucky hunters too.

An incipient blaze caused from an electric iron was discovered in the Rouquette laundry last Sunday morning about 3 a. m. and extinguished. The boss and a party of friends got up to go hunting and discovered the blaze.

Miss Hazel Gies has been up from San Francisco visiting Mrs. Green.

VINEBURG

A young friend of ours who is well known and popular in social and fraternal circleswas the recipient of a fine box of fruit a few days ago and he says that "variety is the spice of life"for in the box he found Oranges, Lemons, Potatoes Onions and Garlic. "Some Spice."

We hear that the moving pictures will in a short time move this way; Welcome to Vineburg, for where "there's a will there's a way".

Miss K. Nommensen a well known and popular young lady of this part of Sonoma Valley is at present the guest of relatives in San Jose, her many friends wish her a pleasant time in the Garden city.

Supervisor Harry Weise was sizing up the political situation in this vicinity on Wednesday and met with a warm reception from his many friends.

On Sunday last a pleasant auto trip was made to Calistoga and vicinity, the party consisted of W. J. Heiser and family, Arthur Batto and family, Misses Jessie Heiser, Dot Greenberg and Messrs Earl Revie, and Chas. and Frank Groskopf. All report a pleasant time.

The latest song hit in Vineburg is as follows and was composed by Rosie Rosedale.

If I only had a chicken pie
I would not let nobody neigh.
I would lock myself up in my room
And start to eat it with a table spoon;
If it only had a little sauce
And stood about four inches high
I would get some bread and honey
And I'd put it in my tummy
If I only had a chicken pie.

Miss Myrtle Hardy took the south bound train on Wednesday morning for a visit to friends in the city.

Mr. Chas. Dean was a visitor to the bay city on Tuesday.

Quite a number of sports assembled around the marsh on last Sunday and tried to play lawn tennis with the festive wild duck. Some made good and some did not. Among the Vineburg delegation were Louis Martin, Bill Block and Frank Rhode the well known poultry man. The score was as follows, Martin 17 birds, Block 15 and Rhode 11. Mr. Rhode was in the lead until the hair spring on the radiator of his gun broke the eye sight and the ducks took flight.

Mr. and Mrs. John Andrews of El Verano were visitors at Batto's spur on Sunday last.

James Stonier, superintendent of the Hall orchards transacted business at Batto's spur Tuesday last.

A pretty baby girl has been the gift this week to Mr. and Mrs.Dan Friedger, esteemed residents of Glen Ellen.

Hamil Wagnon is qualifing for the debating team at Chico Normal and is making a good record.

On Thursday, Nov. 2nd the Ladies Aid of the M. E. Church will be entertained by Mrs. Waltz and Mrs. Rambo at the parsonage. These ladies are looking forward to a large attendance so dont disappoint them.

Mr. and Mrs. Shofner are getting settled in their splendid new home recently completed by contractor R. E. Murphy.

Mrs. Dora Stofen, the splendid president of the Sonoma Valley Womans Club departed on Friday for Berkeley where she will spend the winter. Her leave taking is greatly regretted by the club and a large circle of friends.

Al Jansen came up from the metropolis Saturday evening.

Miss Fillippini of Petaluma attended the Allegro club dancing party here last Saturday evening.

Mrs. C. C. Cowgill visited the Veterans Home at Yountville last Friday calling on an old time friend at one time an operatic singer of note.

Mrs. Robt. P. Hill who returned Saturday from the State Grange meeting at Healdsburg, says it was a notable session and pays high tribute to Healdsburg hospitality. The next Annual meeting will be at Napa.

A Hallow'een play will be given by the pupils of the San Luis School Schellville, next Tuesday, October 31, at 8 o'clock.

Wm. V. Bryan, well known here where he formerly visited at the N. R. Knight home, died this week in San Francisco following an operation. He was very wealthy.

The Northwestern Pacific will improve its depot grounds here for the winter. Healdsburg gravel will put the grounds in good shape for the wet weather.

Moving pictures and dancing every Wednesday and Saturday night at the Chauvet Hotel, Glen Ellen. Ad.

How Does an Oven Bake?

Perhaps you know that in every range for coal or wood there are strips of metal fixed so the heat will be carried to the oven

Did you ever look inside to see how they are placed—if they force the heat to every part—or leave some corners cool?

There is a flue strip in WEDGEWOOD CAST-IRON RANGES which makes the heat go *all* around the oven— across the top, down the side, under the entire bottom, into every corner before it is drawn up the side, to the top and out the chimney

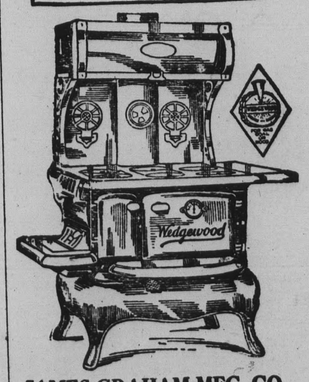

This Double Flue distributes the heat evenly about the whole oven

This means that biscuits, bread, roasts, pudding—everything—are baked uniformly—the bottom is as well done as the top, with a delicate brown on all parts

The construction of the flues is one of the reasons why WEDGEWOOD CAST-IRON RANGES have Perfect Baking Ovens

The dealer in your town who carries first quality merchandise will gladly show you the WEDGEWOOD RANGE with this Perfect Baking Oven—his name is

Shall We Discard Local Option and Adopt State Prohibition?

Under the existing Wyllie Local Option Law, it lies within the power of the citizens of any community in California to adopt local prohibition for their own city, town, or supervisorial district.

In every community in this State absolute control over this question lies in the hands of the majority of the voters. No interference from the outside is possible; nothing can thwart the wishes of the majority in the city, town or supervisoral district with respect to the question of license or no license.

Many communities in this State have availed themselves of the power granted to them under our Local Option Law, and have adopted local prohibition for their own community. Where there is a dominant LOCAL public sentiment in support of that policy, it is possible to make the no-license policy respected and obeyed.

There are, on the other hand, many communities in this State where it is the opinion of the majority of the citizens that the license policy is better adapted to their own community. Where that is the prevailing sentiment, the community is permitted, under existing Local Option Law, to license the sale of alcoholic beverages—subject of course to the provisions and restrictions of the general State law and any local regulation which may be deemed advisable.

In neither case is a policy forced on a community from without. The principle of Home Rule prevails.

It is now proposed to substitute for this policy of local self-government, the policy of State-wide prohibition. The prohibition policy is not intended for the relief of communities in which the no-license policy already prevails, but is designed to FORCE such a policy on other communities against their will.

The result, as the experience of other States has abundantly established, would be disastrous in every city and town on which prohibition is forced. It means, where dominant local sentiment is opposed to prohibition, lax enforcement of the law, the dividing of such towns into bitterly hostile factions, the reign of the spy and of the informer, the rapid growth of crime—and in the end it means higher taxes.

Against the substitution of such a system for that under which California is now operating, everyone having the best interests of the people of this State at heart, should solemnly protest.

Vote No Against Amendments 1 and 2
